The defendants forthwith paying this amount, were held to have purged themselves. The defendants' counsel have claimed an appeal and have been heard, the court however reserving the question of jurisdiction to be considered in finite.

The case of Alex Campbell 2 Haw. p. 27 are true of contempt. He was adjudged by the fell court to be in contempt by reason of a stilly shire and to one of the justices. The Court on a valid indictment (as by passing a

It must be considered here that the court of a justice sitting in equity is "another court" than the Supreme Court in Banco, as much so as if the justice appealed from did not also belong to the court of appeal, and this case might rest upon the authority of the above decision. But coursel cite Section \$30 of the Code which was not in systems at the data lode, which was not in existence at the date Campbell's case, as allowing an appe The Section provides that "An appeal may decision order or decree made by any jus-tice of the Supreme Court at chambers * * Nothing in this Section contained shall be construed to permit an appeal to be taken from any order by any justice allowing any warrant attachment writ or other process o for the taxation of costs or any other orde of a like nature."

In considering the testimony I am of opinion that such agreement or waiver is not proven. And I also find that the plaintiff did not release the defendant from his covenant by collecting his rent from Kronse or the other tenants or otherwise.

The other question as to whether the lease was surrendered by operation of law is more important. The phrase "by operation of law is more important. The phrase "by operation of law is more intended in the English Statute of Frauds as one way in which a lease may be surrendered, but this Section is not adopted by our statute, I think the more correct expression would be surrendered in fact.
